Memo.No.15137/Agril. Sc./2018

Date:25-01-2019

Sub:- ANGRAU – Agricultural Science – NAHEP - Institutional Development Plan (IDP) of Acharya N.G. Ranga Agricultural University (ANGRAU) – **Student programmes at International level – Deputation of current III year students instead of Final year students** - Communicated.

Ref:- 1. F. No. NAHEP/IDP-07/Sanction/2018, Dated: 13.06.2018 of the National Director, NAHEP  
2. Note file C.No. 15137/Agril. Sci/2018 approved by Hon'ble Vice Chancellor

It is to inform that permission was accorded to send final year students to the international trainings for the financial year, 2018-19 (Ref 2). Accordingly, correspondence was made with many International Universities, and few Universities agreed. However, those universities who have agreed to offer trainings to the students within the budget allocation, also mentioned that it is possible to conduct these trainings in the months of May, June and July 2019.

Under these circumstances, the final year students shall not be considered since their degree programme will be completed by that time. Moreover, they will be busy in writing ICAR and other Universities admission tests and also in seeking employment. Hence, the University has taken a decision to consider current third year students for deputing to the international trainings.

Hence, the Associate Deans are instructed to consider current III year students for deputing to the International trainings for the financial year, 2018-19 instead of Final year students and accordingly motivate them to apply for nomination for international training. The applications submitted by Final year students may be considered for National trainings instead of International trainings.
